## **Fast ForWord® Summer Computer Camp**

**June 11, 2018 - August 3, 2018**

**Available Camp Times**

**8:00am - 10:00 am**

**or**

**2:00pm - 4:00pm**

### **What is Fast ForWord®?**

**Fast ForWord®** is an intervention program for language, literacy, and cognitive skills that is delivered in a computer game format. Games are designed to target underlying causes of language and reading difficulties. Areas of focus include auditory processing, decoding, comprehension, fluency, sequencing, short term/working memory, and sustained attention.

### **Who Can Benefit?**

**Fast ForWord®** has been shown to help with:

- Auditory Processing Disorders
- Reading Difficulties
- Language Difficulties/Delays
- Dyslexia
- Attention Deficit Disorder
- Autism Spectrum Disorder
- Executive Function Deficits
- English Language Development
